

Dental-Union GmbH donates to Bärenherz

The proceeds from the traditional sales campaign for their OMNIDENT products once again enabled Dental-Union GmbH to proudly present a donation of € 5,000 to the Bärenherz children's hospice in Wiesbaden.

Through their "AberHallo" flyer campaign, Dental-Union GmbH reached a large number of loyal customers who participated in the fund-raising campaign by purchasing the productson promotion.

"As a sponsor of the Bärenherz Foundation, we are very pleased that our campaign is supported by so many of our customers and that, as a result, we can make a small contribution to creating a cheerful atmosphere in the children's hospice", said the management of Dental-Union GmbH.

The two children's hospices in Wiesbaden and Markkleeberg near Leipzig and the Nesthäkchen children's house in Heidenrod sponsored by the foundation offer parents advice, relief and comfort as well as high-quality care and loving support for their children, from the diagnosis to the death of their child and beyond.

"A children's hospice is not a place you go looking around for. But you want to find it when you need it." This is how a mother sums up the help, understanding and comfort she and her family experience at the Bärenherz children's hospice.

The Bärenherz Foundation was established to facilitate the daily work, especially in the children's hospices, as well as to ensure their long-term financial viability in an atmosphere that is as cheerful as possible.

"We hope that many more people will get involved in this good cause and support Bärenherz." Having a healthy child should not be taken for granted. It is actually a great miracle!"
